BEECH CREEK BRANCH LINE

Comment Form for Public Scoping Meeting
February 10, 2009

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

Snow Shoe Township, Centre

2. How did you learn about the meeting tonight?

Relatives

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

Consultants were informative but I am still strongly against the landfill!!!

4. What additional comments about the proposed rail reactivation would you like to add?

I think it would be devastating to the surrounding areas and wildlife. All the wonderful times people spend out in the wilderness in this area would be ruined by having this rail reactivation and a landfill put in this area. PLEASE DO NOT DO THIS!!!
