PRESCRIPTION OF DEPRECIATION RATES

for

EQUIPMENT PROPERTY OF GRAND TRUNK CORPORATION

GTC-EQ-11

Rates Effective: January 1, 2011

Grand Trunk Corporation (GTC) has submitted depreciation rates for its equipment property. Life and salvage estimates supporting these rates were also provided and have been given appropriate consideration.

The depreciation rates prescribed herein replace any rates previously prescribed for the subject property. Beginning on the effective date of this prescription, the railroad is prohibited from using any rates other than those prescribed herein. As stated in *49 U.S.C. 11143*, a rail carrier may not:

- (1) charge to operating expenses a depreciation charge on a class of property other than that prescribed by the Board;
- (2) charge another rate of depreciation; or
- (3) include other depreciation charges in operating expenses.

IT IS ORDERED:

- (1) Grand Trunk Corporation shall account for depreciation charges for its equipment property by applying the annual component percentage rates shown herein to the ledger value of its equipment property, owned and used in its operations.
- (2) The depreciation rates shall be effective from **January 1, 2011, to December 31, 2013**, or until further order of the Board.
- (3) Grand Trunk Corporation shall amortize the variance between book accumulated depreciation and the calculated guideline for each subaccount of its equipment property over the average remaining life of the property in the subaccount.
