

SURFACE TRANSPORTATION BOARD

PRESCRIPTION OF DEPRECIATION RATES

for

BNSF RAILWAY COMPANY

LOCOMOTIVES

BNSF-EQ-12

Rates Effective: January 1, 2012

BNSF Railway Company has submitted depreciation rates for its locomotives. Life and salvage estimates supporting these rates were also provided and have been given appropriate consideration.

The depreciation rates prescribed herein replace any rates previously prescribed for the subject property. Beginning on the effective date of this prescription, the railroad is prohibited from using any rates other than those prescribed herein. As stated in *49 U.S.C. 11143*, a rail carrier may not:

- (1) charge to operating expenses a depreciation charge on a class of property other than that prescribed by the Board;
- (2) charge another rate of depreciation; or
- (3) include other depreciation charges in operating expenses.

IT IS ORDERED:

- (1) BNSF Railway Company shall account for depreciation charges by applying to the ledger value of locomotives, owned and used in its operations, the annual component percentage rates shown herein.
- (2) The rates shall be effective from **January 1, 2012, to December 31, 2014**, or until further order of the Board.
- (3) BNSF shall amortize the variance between book accumulated depreciation and the calculated guideline for locomotives over the property's average remaining lives.
