Danielle,

Please see the letter (attached) from the Alabama Historical Commission, which I just received. Based upon this response letter, Alabama & Florida respectfully requests that the Director of the Office of Proceedings modify the September 7 order and remove that part of the decision which prevented the salvage of the ties and rails from occurring. We will of course not undertake any other salvage activities (i.e. bridges and/or structures) until the rest of the Section 106 process is completed.
