STB EX PARTE NO. 724 (Sub-No. 2)

UNITED STATES RAIL SERVICE ISSUES--GRAIN

**WEEKLY REPORT OF
BNSF RAILWAY COMPANY**

BNSF Railway Company (“BNSF”) provides the following seventh weekly status report in response to the Board’s Order of June 20, 2014 in the above referenced sub-docket. The Board’s Order requests weekly status reports containing the following metrics by state: (a) running total of outstanding grain car orders at the end of the week; (b) total number of new orders for the week; (c) total number of orders filled for the week; (d) number of orders cancelled by shippers for the week; (e) number of orders cancelled by BNSF for the week; and (f) average number of days late for all outstanding grain car orders. The Board’s Order also asks for the number of cars allocated to grain car service each week, including private cars in service.

Included herein is the weekly update on the performance measures contained in (i) Attachment A reflecting our efforts to resolve the backlog of grain orders from the prior harvest; (ii) Attachment B reflecting BNSF’s progress as measured against the past due glide path previously provided, and (iii) Attachment C showing the distribution of past due shipments based on the number of days delayed beyond the want date. All data has been updated through the morning of August 7, 2014. Our current customer shuttle trip-per-month communication is available under “Recent Updates” on our Service Overview page

[\(http://www.bnsf.com/customers/service-page/\)](http://www.bnsf.com/customers/service-page/).

We will continue to provide weekly updates of Attachments A, B and C pursuant to the schedule in the Board's June 20, 2014 order and to communicate frequently with our customers to ensure that they understand our service situation and that we hear specific feedback.

Respectfully submitted,

Richard E. Weicher
