RE: STB Finance Docket No 35644
BNSF Railway Company Acquisition and Operation Exemption
Nebraska Northeastern Railway Company

Dear Ms. Brown,

My name is Bryan Reichmuth, SR. V.P. of Grain & Feed of Central Valley Ag Cooperative located in Humphrey, NE.. Central Valley Ag Cooperative is a farmer-owned farm supply company in Northeast NE. that services 40 communities. We are currently constructing 2 major green field sites located on the NENE rail line. It is very important for us to have quality rail service to receive and ship our products that is so important for our farmer owners success.

It is our understanding that BNSF Railway Company is requesting authority to acquire the NENE rail line. We strongly support BNSF's acquisition for following reasons:

- BNSF will provide added marketing opportunities and service.
- BNSF's planned improvements on the NENE for increased train speed.
- BNSF will improve service and gain us efficiencies.
- Central Valley Ag Cooperative would benefit from BNSF's extensive network for agronomy and grain shipments.

Central Valley Ag Cooperative believes the BNSF's acquisition of the NENE rail line will benefit shippers located on the rail line. We urge the Surface Transportation Board to approve the acquisition.

Thank you for your consideration of Central Valley Ag Cooperative position.

Sincerely,

Bryan Reichmuth
