Re: Docket No. FD 36046, *CSX Transportation, Inc. – Trackage Rights
Exemption – Grand Trunk Western Railroad Company*

Dear Ms. Brown:

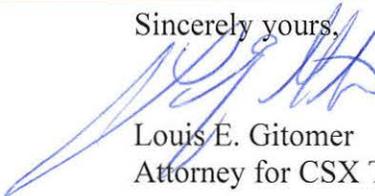

In reviewing the filing made in the above-entitled proceeding, CSX Transportation, Inc. has noticed that its description of the trackage rights excluded the identification of one of the subdivisions of the Grand Trunk Western Railroad Company. Below is a corrected description with the additional description in bold.

Please revise the description of the overhead trackage rights on pages 3, 4, and in the Caption summary as follows:

The overhead trackage rights are between (1) GTW's connection to CSXT at Wellsboro, IN, at or near milepost 71.1, and Griffith, IN, at or near milepost 36.1, on GTW's South Bend Subdivision, and (2) Griffith, IN, at or near milepost 36.1, and Munster, IN, at or near milepost 30.92, **on GTW's Elsdon Subdivision**, approximately 40.18 miles, including all sidings, yard tracks and yard leads now existent or hereafter constructed along the aforesaid tracks

Thank you for your assistance. If you have any questions, please contact me.

Sincerely yours,

Louis E. Gitomer
Attorney for CSX Transportation, Inc.
