DECISION

STB Docket No. 41685

CF INDUSTRIES, INC.

v.

KOCH PIPELINE COMPANY, L.P.

Decided: September 8, 2000

By decision served in this docket on May 9, 2000 (at 28), the Board ordered that the “Defendant shall pay reparations and interest, calculated in accordance with 49 CFR Part 1141, back to the point when it increased the rates ordered to be reduced by paragraph 3 of this order.” On August 14, 2000, pursuant to 49 CFR 1133.2, CF Industries, Inc. (CF Industries) filed its statement of claimed damages based on the Board’s findings. CF Industries states that the total reparations and interest due from Koch Pipeline is \$10,509,346.80 through August 7, 2000. Pursuant to 49 CFR 1133.2, CF Industries and Koch Pipeline, L.P. (Koch Pipeline) certify that the total amount of reparations and interest was verified by both companies and found correct. Therefore, Koch Pipeline will be ordered to pay this sum in reparations and interest through August 7, 2000.

It is ordered:

1. Koch Pipeline shall pay CF industries \$10,509,346.80 in reparations and interest through August 7, 2000.
2. This order is effective on its date of service.
