SURFACE TRANSPORTATION BOARD

Finance Docket No. 33407

DAKOTA, MINNESOTA & EASTERN RAILROAD CORPORATION
CONSTRUCTION INTO THE POWDER RIVER BASIN

January 11, 2006

NOTICE TO THE PARTIES:

On December 30, 2005, the Board's Section of Environmental Analysis (SEA) issued the Final Supplemental Environmental Impact Statement (Final SEIS) in this proceeding. This is to notify persons who received a copy of the Final SEIS that shortly after issuing the document, SEA discovered that brackets, which it had added to comments received on the Draft SEIS to assist readers in reviewing comment responses, were not visible on some of the copies of Appendix A: Comments on the Draft SEIS and SEA's Responses. In addition, the first page of SEA's response to one of the comments was inadvertently omitted when Appendix A was printed. In these circumstances, SEA has decided to issue as replacement pages the attached Appendix A. The Final SEIS available on the Board's website has been updated to reflect the corrected replacement Appendix A.

By the Board, Victoria Rutson, Chief, Section of Environmental Analysis.
