SURFACE TRANSPORTATION BOARD

STB Finance Docket No. 33388

CSX CORPORATION AND CSX TRANSPORTATION, INC.,  
NORFOLK SOUTHERN CORPORATION AND  
NORFOLK SOUTHERN RAILWAY COMPANY  
— CONTROL AND OPERATING LEASES/AGREEMENTS —  
CONRAIL INC. AND CONSOLIDATED RAIL CORPORATION

Decision No. 151

Decided: April 13, 2000

Environmental Condition No. 11 of Appendix Q of Decision No. 89<sup>1</sup> (Decision No. 89, slip op. at 401-02), requires Applicants, with the concurrence of the responsible local governments, to mitigate train wayside noise (locomotive engine and wheel/rail noise) at noise-sensitive receptor locations on certain rail line segments. Environmental Condition No. 11 further provides that: “Applicants shall certify compliance with this condition within 2 years of the effective date of the Board’s final decision. This condition shall not apply to those communities that have executed Negotiated Agreements with Applicants that satisfy the communities’ environmental concerns.”

On March 15, 2000, CSX provided us with a copy of a Negotiated Agreement between CSX and the Township of Washington, Belle Vernon, PA, dated February 24, 2000, and accepted by the Township of Washington on February 29, 2000. According to CSX, this Negotiated Agreement effectuates the Board’s preference for privately negotiated solutions stated in Decision No. 89, slip op. at 153. CSX requests that Environmental Condition No. 11 be amended to reflect the parties’ Negotiated Agreement by deleting the Township of Washington receptors from those identified on

---

<sup>1</sup> In Decision No. 89, served July 23, 1998, we approved, subject to certain conditions, including environmental mitigation conditions, the acquisition of control of Conrail Inc., and Consolidated Rail Corporation (collectively, Conrail) and the division of Conrail’s assets by CSX Corporation and CSX Transportation, Inc. (collectively, CSX), and Norfolk Southern Corporation and Norfolk Southern Railway Company (collectively, NS). CSX and NS are referred to as Applicants.

the Sinns, PA to Brownsville, PA line segment (C-085),<sup>2</sup> and that the Negotiated Agreement between CSX and the Township of Washington be added to the CSX Subsection of Environmental Condition No. 51 of Appendix Q in Decision No. 89, which requires CSX to comply with the terms of all Negotiated Agreements developed with states, local communities, and other entities regarding environmental issues associated with the Conrail transaction. See Decision No. 89, slip op. at 420-21. The Township of Washington concurs with the request.

In view of the Negotiated Agreement between CSX and the Township of Washington, we will: (1) add the Negotiated Agreement to Environmental Condition No. 51 of Appendix Q of Decision No. 89, and (2) amend Environmental Condition No. 11 of Appendix Q of Decision No. 89 to delete the Township of Washington receptors from those identified on the Sinns, PA to Brownsville, PA line segment because the noise mitigation for that community has been superseded by the CSX/Township of Washington Negotiated Agreement.

This action will not significantly affect either the quality of the human environment or the conservation of energy resources.

It is ordered:

1. This proceeding is reopened.
2. In accordance with the Negotiated Agreement between CSX and the Township of Washington, Belle Vernon, PA, executed on February 29, 2000, the following is added to the CSX Subsection of Environmental Condition No. 51 of Appendix Q of Decision No. 89:

**30. Township of Washington, Belle Vernon, Pennsylvania, dated February 29, 2000.**

3. In addition, Environmental Condition No. 11 of Appendix Q of Decision No. 89 is amended to delete the receptors that meet wayside noise mitigation criteria applicable to the Township of Washington from those identified on the Sinns, PA to Brownsville, PA line segment because such receptors/noise mitigation have been superseded by the Negotiated Agreement.

---

<sup>2</sup> Environmental Condition No. 11 does not specifically reference the Township of Washington. However, one identified receptor located south of the Borough of Belle Vernon, PA, is actually in this township and not in the Borough of Belle Vernon. Accordingly, CSX negotiated a separate agreement with the Township of Washington. The remaining receptors are located within the Borough of Belle Vernon and are addressed by a separate agreement between CSX and the Borough of Belle Vernon. See Decision No. 146, served April 13, 2000.

STB Finance Docket No. 33388

4. This decision is effective on the date of service.

By the Board, Chairman Morgan, Vice Chairman Burkes, and Commissioner Clyburn.

Vernon A. Williams  
Secretary
