[STB No. MC-F-20908]

Peter Pan Bus Lines, Inc.--Pooling--Greyhound Lines, Inc.

AGENCY: Surface Transportation Board.

ACTION: Notice of proposed pooling application.

SUMMARY: Applicants, Peter Pan Bus Lines, Inc., of Springfield, MA, and Greyhound Lines, Inc., of Dallas, TX, jointly seek approval under 49 U.S.C. 14302 of an operations and revenue pooling agreement to govern their motor passenger and express transportation service between New York, NY, and Washington, DC.

DATES: Comments are due by October 2, 1997, and, if comments are filed, applicants' rebuttal is due by October 22, 1997.

ADDRESSES: Send an original and 10 copies of comments referring to STB No. MC-F-20908 to: Surface Transportation Board, Office of the Secretary, Case Control Unit, 1925 K Street, N.W., Washington, DC 20423-0001. Also, send one copy of comments to applicants' representatives: Jeremy Kahn, Suite 810, 1730 Rhode Island Avenue, N.W., Washington, DC 20036; and Fritz R. FOR FURTHER INFORMATION CONTACT: Beryl Gordon, (202) 565-1600. [TDD for the hearing impaired: (202) 565-1695.]

SUPPLEMENTARY INFORMATION: Applicants are competitors on certain intercity routes between Albany, NY, and Boston, MA, between Boston and New York City, and between New York City and Washington. They seek to pool portions of their passenger and express services over routes which they both operate, and to share the revenues derived from their operations over these routes, between New York City and Washington, generally via the New Jersey Turnpike and Interstate Highway 95.¹ Applicants state that their services between these points overlap and that excess schedules are operated because of the need to protect their prospective market shares. According to applicants, this has resulted in unacceptably low load factors, an over-served market, and inefficient operations.

Applicants submit that the pooling agreement will allow them to reduce excess bus capacity, cement their business relationship, and allow them to share in the financial vicissitudes of the pooled-route operations. They claim public benefits that will include: (1) rationalization of schedules, eliminating some duplicative departures “on the hour” while adding some departures on the half-hour during the busiest times of the day, resulting in more frequent bus service over a broader time period; (2) more coordinated use of terminals and ticketing agents, resulting in greater flexibility for passengers to use buses, tickets, and

¹ Applicants have already received authority to pool their operations and revenues for their motor passenger and express transportation service between Philadelphia, PA, and New York City in Peter Pan Bus Lines, Inc.--Pooling--Greyhound Lines, Inc., No. MC-F-20904 (STB served June 30, 1997). According to applicants, this application is a logical extension of the New York-Philadelphia pooling, within the same general territory, and a third revenue pooling application to cover the remaining routes operated by the applicants between New York and Boston is expected to be filed shortly. Applicants state that they consider the agreements to be interrelated and intend to implement them simultaneously after approval by the Board.

terminals; (3) capital improvements; and (4) continued bus service by more sound and financially stable carriers. In addition, they assert that approval of the pooling agreement will not significantly affect either the quality of the human environment or the conservation of energy resources. In fact, they claim that the reduction in the number of schedules each carrier operates will result in a salutary effect on the environment.

Applicants state that competition will not be unreasonably restrained. They argue that: (1) the pooled service is subject to substantial intermodal competitive pressure from Amtrak, airlines, and private automobiles; and (2) other motor passenger carriers may easily enter and compete in the market.

Copies of the application may be obtained free of charge by contacting applicants' representatives. A copy of this notice will be served on the Department of Justice, Antitrust Division, 10th Street & Pennsylvania Avenue, N.W., Washington, DC 20530.

Decided: August 25, 1997

By the Board, Chairman Morgan and Vice Chairman Owen.
