STB Finance Docket No. 34117

Pemiscot County Port Authority - Construction Exemption - Pemiscot County, MO

Decided: April 30, 2003

ACTION: Notice of Availability of Environmental Assessment and Request for Comments

SUMMARY: The Surface Transportation Board's (Board) Section of Environmental Analysis (SEA) has prepared an Environmental Assessment (EA) in response to a petition filed by the Pemiscot County Port Authority. The petition seeks an exemption under 49 USC 10502 from the prior approval requirements of 49 USC 10901 for authority to construct and operate a rail line between Hayti, Missouri and the Pemiscot Port. The EA identifies the natural and man-made resources in the area of the proposed rail line and analyzes the potential impacts of the rail line construction and operation on these resources. Based on the information provided from all sources to date and its independent analysis, SEA preliminarily concludes that construction and operation of the proposed rail line would have no significant environmental impacts if the Board imposes and the Pemiscot County Port Authority implements the recommended mitigation measures set forth in this EA. Copies of the EA have been served on all interested parties and will be made available to additional parties upon request. The entire EA is also available on the Board's website (<http://www.stb.dot.gov>) by clicking on the "Decisions" button and searching by service date (May 7, 2003) or Docket Number (FD 34117). SEA will consider all comments received when making its final environmental recommendations to the Board. The Board will then consider SEA's final recommendations and the complete environmental record in making its final decision in this proceeding.

DATES: The EA is available for public review and comment. Comments must be postmarked June 6, 2003.
