DECISION

STB Docket No. 41687

GRAIN LAND COOP

---V---

CANADIAN PACIFIC LIMITED AND SOO LINE RAILROAD COMPANY
D/B/A/ CP RAIL SYSTEM

Decided: July 14, 1997

On June 16, 1997, Grain Land Coop ("Grain Land or Complainant") filed a Supplemental Renewed Motion to Compel Responses by CP Rail System ("CP") to discovery. Complainant states that CP has failed to abide by an agreement between the parties that CP in their responses to discovery requests would object on a question by question basis only and that CP would eliminate the General Objections, Definitions and General Responses.

In its Reply to the motion dated June 18, 1997, asserts that its counsel has advised Grain Land's counsel that no information was withheld on account of the general objections other than § 11904 information. CP also says that Grain Land has all the information that it requested except for § 11904 information.

Oral Argument will be heard on the motion on August 25, 1997, at 9:00 A.M. in a hearing room of the Federal Energy Regulatory Commission, 888 First Street N.E., Washington, D.C.¹

This decision is effective on the service date.
