LANSING

JENNIFER M. GRANHOLM
GOVERNOR

MEMORANDUM

DATE: January 19, 2005
TO: DIFT Observers
FROM: Mohammed Alghurabi, MDOT
SUBJECT: DEIS Review

The Detroit Intermodal Freight Terminal Study reached a point in September 2004 at which the preliminary Draft Environmental Impact Statement (DEIS) and supporting technical reports were provided to MDOT by the consultant. On December 1, 2004, the updated documents were submitted to the Federal Highway Administration for its review with the goal of completing that review by the end of January. Because of a personal hardship experienced by a key member of the FHWA team, extending the FHWA review period to the end of February 2005 is necessary. Modifications to the schedule will continue to be posted on the project Web site found at www.mdot.state.mi.us/project/dift_phase2.
