Dear Catherine:

Below, please see Peter Aucella's (Superintendent of Lowell National Historical Park) response regarding the Lowell Industrial Track.

I suspect this should wrap things up with regard to the 106 process. Please let me know as soon as possible if you need anything further from me as my client views this abandonment to be a top priority.

Thank you,

Bob

Bob:

Now that I see the location, it is evident that the locations to be abandoned are entirely outside of the Lowell National Historical Park and Preservation District and does not involve any known historic properties of interest to the National Park.

Please let me know if you have further questions.
