Re: STB Docket No. AB-70 (Sub-No. 5X)
Proposed Abandonment of Titusville Branch Railway Line

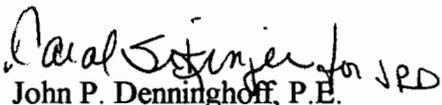

To Whom It May Concern:

Comments/concerns for the proposed Abandonment of Titusville Branch Railway Line are as follows:

- Barbara Meyer, Bicycle Pedestrian Coordinator, for Brevard County, would like to go on record that this proposed abandonment is part of the proposed East Central Florida Rail Trails. Currently DEP (office of Greenways & Trails) is negotiating with FEC to purchase the corridor for a Rails to Trails project in coordination with Brevard & Volusia County. Please advise if this action will interfere with the purchase of this corridor.
- Page 3 (iv) "Right of way suitable for Alternative Public Use"! Possibly some sort of foot path - bike path, etc. could be utilized within this 9.8 mile. This could also connect various parts of Titusville recreational areas.

Please call if more information is needed.

Sincerely

John P. Denninghoff, P.E.
