Mr. Tabachnick,

I am attaching correspondence with USFWS. Like the other consultations below, this one was conducted related to the prior proceeding, AB 33 (Sub No. 324X). When I was gathering the documentation for my January email to you I overlooked these documents.

Per the attached, Union Pacific complete the FWS IPaC process in 2017. I also spoke with Olin Dirks, who was primarily responsible for the environmental conditions on the 324X matter. Mr. Dirks said that he spoke with Josh Wayland at the STB and Mr. Wayland indicated this satisfied the FWS condition. However, we do not have any documentation of this.

Please let me know if this satisfies the FWS condition or if we need to perform further consultation.
