SubjectSunnyside Valley Irrigation System Improvements  
Phase 2B project area

Mr. Allamong,

The April 6 letter from the State of Washington Department of Archaeology and Historic Preservation to U.S. Bureau of Reclamation refers to Sunnyside Valley Irrigation System Improvements Phase 2B. This is indeed the pipeline project utilizing the UP right of way at Grandview. The Phase 2B project area covers about 11,300 acres in and around the City of Grandview (roughly one half mile north, one mile east, one mile south, and four miles west the City of Grandview).

If you need further information or clarification please let me know.

Thanks again for your assistance, and hard work, on this project.

Donald L. Schramm Jr., P.E.

Assistant Manager - Engineering

Sunnyside Valley Irrigation District

120 South 11th Street

P.O. Box 239

Sunnyside, WA 98944  
FAX 509 837 2088  
Phone 509 837 6980
