MMPR5@dot.state.  
al.us\_20111011...

Good afternoon,

This is in response to your letter September 9, 2011 concerning the abandonment of DOT# 877385S McMurphy Rd. off CR 56 in Monroe County. Attached is your letter to the State, etc., a copy of the State's Inventory Form and a picture of the crossing.

The State of Alabama has no objection to this abandonment of the 1.5 miles of track in Monroe County. We updated our inventory of this crossing in 2003 and in 2008. The DOT# was on the crossbuck post at that time and the M.P. was A677.28. If STB approves the abandonment, the crossing should be paved over, or track removed and the crossbuck take down as I am sure CSX is aware.

If you have any further questions from the State, please let me know.

Thanks,

Jenny Williams

Dear Sir/Madam;

RE: CSX Transportation, Inc.  
Proposed Abandonment  
STB Docket No. AB-55 (Sub No. 713X)

Please be advised that CSX Transportation, Inc. is considering abandonment of a portion of its rail line from Railroad Milepost ORA-676.27 to Railroad Milepost ORA-677.79, a distance of 1.5 miles in Hybart, Monroe County, Alabama, as depicted on the attached map labeled Exhibit "A".

The purpose of the proposed action is to abandon our common carrier obligation, update our records and salvage the track.

This action requires Surface Transportation Board approval and Federal Regulations 49 C.F.R. 1105.7(c) require that advance notice be given to afford your agency a reasonable opportunity to provide meaningful input.

As further information, CSXT will provide a preliminary environmental report in the coming weeks which will outline the scope of the proposed salvage activity and include any comments received from your office.

Further enclosed, please find a distribution list of all parties that have been copied of the proposed action labeled Exhibit "B".

Sincerely,

Attachment
