Mary Beth McAndrews:

I can not imagine how this can happen. I live in the village and have four children that walk to school and activities to cross train tracks to the local park and school. Everywhere I go I have to cross the train tracks and to add 20 more freight trains a day the town will be in grid lock. So many more accidents at Lake Cook and Cook Street during construction. There is no where to go and we don't have options with a two lane highway and if I go a mile I will have to wait 15 min to take my daughter to ballet. To throw in this is too much. I couldn't send my kids to school.
