To whom it may concern-

I am writing with much pleading and fear of the proposed acquisition of the E.J.E railway. I am a mother of 2 active boys who love playing and exploring the outdoors. We live very close to several parks that back up to the proposed tracks. We know visiting those we may encounter the noise, vibrations and traffic of one of train during our visits to the many parks so my concern is not about trains but the amount, weight and noise pollution we will get by trying visit parks. Not to mention safety. In the spring when all of moms are at park we already have concern for our childrens safety. can you tell me how we can even possibly consider visiting one of these many parks or forest preserves with putting our children at a risk? Why have protected areas for community if they can not be used for fear a death of a child. Please consider the safety of our town.
