Finance Docket No. 35087

Dear Phillis Johnson-Ball,

Why are American business selling The Elgin, Joliet, and Eastern Railway to a foreign government like Canadian National Railway?

It will destroy the United States if you allow this take over of another foreign country to purchase, OUR EJ&E that has been here for 118 years. To Allow the sale of our great railroad system will be desvasting to the soventy of our nation. Who is to say when the terriots will be in our backyard. Today, Tomorrow sneeking on the boxcars, or deliberately put there. And you know that will happen. It will be irresponsible to sell our great railroad to any foreign country. How horrible it is that The United States is taken over bit by bit for another country personal gain.

The People of The United States are the losers of this deal, and who is gaining? But in the end everyone is losing except the foreign goverment, who will have access into Our Great Country.

If commerce is your pathetic reason for selling away The United States Railways..... You can do better, We can do much better, then a foreign goverment, but we the people of the United States are not allow to do what good for The United States.

THE UNITED STATES FIRST THE UNITED STATES RAILWAYS ARE NOT FOR SALE.

THINK WHAT YOU ARE DOING TO OUR GREAT NATION IF YOU ALLOW THIS SALE OF AMERICA TO HAPPEN. IT IS UP TO YOU.

China is buying up our Banks, poisoning our children with lead toys and food.

Now it is the sale of OUR UNITED STATES railways to a foreign country, Canada.

What else is for sale, that we do not know about?
