I am concerned about traffic control near my home, noise pollution (the train runs directly in front of home), the safety of children in neighborhood. Not to mention the environmental concerns of 20 plus trains.

I am concerned as to what it will do to our community as a whole. This will ruin the safety & ease of our community.

I live very close to train and the thought of 20 plus trains running by my home is extremely disruptive. Our community will become a ghost town. We can literally feel each train pass by.
