Dear Ms. Ball,

Allowing CN to increase freight traffic on the EJE line will cause the following harmful results:

1. life safety: the inability for emergency vehicles to easily & timely move from one side of town to the other. Increasing the number of deaths & illnesses.
2. congestion delays on all of the major roads in & around our town
3. environmental disturbance for not only humans but the race & endangered animals in the Flint Creek water shed which runs parallel to the EJE tracks and is only 10 feet from the track.

Please do not allow CN to become an oligopoly! Please save a life and do not put people before people. Thank you!
