Re: Finance Docket No. 34747

Ms. Johnson-Ball

Many of us in our town of Wilmington Massachusetts are opposed to the proposed trash transfer station at the Olin Chemical site in Wilmington MA. There are already contaminate issues in this area that are not yet resolved. Also, traffic issues in the area have become extremely difficult to deal with, especially in consideration of the residential neighborhoods affected, as well as the nearby elementary school and elderly housing. Please use your influence to oppose this project for this area. Thank you.
