## ENVIRONMENTAL IMPACT STATEMENT

### How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at a public meeting, or mail your comments to the Surface Transportation Board's address at the bottom of this page.
- **Recorded Comments:** Provide your comments to a court reporter at a public meeting.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, [www.stb.dot.gov](http://www.stb.dot.gov), and clicking on the "E-Filing" link and then clicking on "Environmental Comments."

Please refer to Docket No. FD 35952 in all correspondence addressed to the Surface Transportation Board. The comment deadline is June 15, 2016.

①

I am writing to the STB re line @ mile marker 115 of proposed project I have no intention of selling my property to anyone I live just north of Ill. River I am the 4th generation living on this farm along with my parents and Uncle & Cousins but Great Great Grandpa purchased this property in the 1920's and like I said we have no intention of selling it to anyone - my house is about 160' from proposed rail site of way that will make a huge noise problem if U. S. DOT do this. I am in a position of this do not let them have eminent domain for this project "Say no to anything that has anything to do with project"

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.

also raise Black Angus Cattle on this property  
As this train project it will split this property  
in half. And will disturb my cattle I can see  
~~some~~ some of them in the proposed map if I show it  
0. please do let this project go. this is  
my leguse for my children like I said I am the  
1<sup>st</sup> generation being here now I want to leave this  
my kids - into uched "buy this project." Jay  
I to eminent domain - "NO" to any extensions of  
my kind. this man dont even have the money  
do this project. he is borrowing Government money  
this - and if he goes Bankrupt - me as tax payers foot the bill!  
Bill.

Another point I want to make is that we have several other R&R lines that are not being used like they could be there is a rail line that is south of me that runs from streeter to Indiana that only has "one" train per day I think that if its oil that we are talking about moving the most - then I think we could move oil better with a pipe line than this R&R - this project I think is doomed - he has a Customer Base - other Rail lines dont even want to use it - they are doing there own projects in Chicago ease Congestion. "JUST SAY NO TO this project" thank you
