I have worked in Barrington for 4 years now and I know how even 1 freight train can keep me stuck at a stoplight for 5-10 minutes + make me late for work. I can't imagine having to deal with that everyday. Also, downtown Barrington is as congested as it is & that the railroad intersections are very dangerous. Any additional trains, especially freight trains would create huge problems, delays, and danger for anyone trying to get in or around the Barrington area. I believe the town would suffer greatly.
