Your freight railroad will destroy a village that has been so lovingly protected and preserved for many many years but more to the point where CNW is concerned, I'm sure

Are you prepared for the lawsuits that will be forth coming as a result of people dying in emergency vehicles and you block all paths to our local hospital?

And since your freight cars often carry toxic materials are you prepared for the outcome of one or more possibly tipping over in our neighborhood or near our high school?

CNW needs to mitigate this in some manner. Overpasses, underpasses or?
