The traffic that an increase in freight traffic will cause will impact everyone in the area. Traffic already backs up all the way down Lake-Cook Rd for 1-2 miles at many times during the day. School buses will sit forever. It will cause people to avoid downtown. CN would disrupt all of the activities in our town and create gridlock even worse than we have now. If the CN executives lived in Barrington & had to take their kids to/from school & activities they would never consider increasing the trains. Safety - this would impact police/fire/ambulances. The trains that cross at Elgin near Bond cause extremely dangerous backups on RT 12 a MAJOR highway suddenly comes to a screeching halt. I have seen accidents there.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
