RE: STB FINANCE DOCKET NO. 35087

This project will endanger the people of this area due to long freight trains stalling emergency vehicles - for instance, yesterday a freight train of over 100 cars went through Barrington in the early afternoon. Even five minutes would delay a fire truck or an ambulance long enough to cause fatalities -

Also, the congestion on our local roads is already intolerable. This acquisition will make it far worse - People avoid downtown in rush hour because of the congestion - this affects businesses, like restaurants, along Main Street. The end result will be that CN will flourish and businesses & even people may die. There is more at stake than CN's profits.
