To Whom It May Concern:

I am a concerned homeowner of Bridlewood Farms subdivision. Please do not purchase the EJ&E tracks. For many reasons: property values going down, train noise traffic delays and response time for emergency vehicles. The one that I am most concerned about is the safety for our children. A^{of} lot the children in the neighborhood play in the retention basin right by the tracks. Also, they fish in the creek right next to the tracks. I am very concerned about their safety. My other major concern is the school busses that cross over the tracks several times throughout the day. We already have a long commute to school, they will most likely have to re-route the busses because of safety and timing.

PLEASE DO NOT GO THROUGH WITH THE SALE, IT IS DETRIMENTAL TO OUR COMMUNITY AND NEIGHBORHOOD!!!

Thank you,

Traci and Doug Moews
