I would like to urge you to decline approval of the Great Lakes Basin Rail Road. I am a U.S. Army Veteran and my wife is a Federal employee. Both our home and my wifes job are at great risk. We live in the exesive proposed 15,000 acre railyard in Grant Park, FL. I dont feel a private entity should have the right to take our homes for their own personal profit. This is all about making billionares more money because obviously they dont have enough. Thank you for your time.

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
