The Village of Barrington has well water for it's water source, as do ^{villages of} North Barrington, Deet Park, Barrington Hills South Barrington and Deet Park. There is concern about spills and pollution of our only water source (aquifer)

We have 5 railroad tracks crossing our major intersections in the Village of Barrington - all within 2 miles of each other. School buses from all the communities above plus parts of 2 other communities have to cross those tracks all day. Too dangerous.

To get to the hospital ER our emergency equipment have to cross more than one track. Lives can be lost.

Our police and fire station are located so that they have to cross at least 2 or 3 tracks to get to the huge high school, 2 elementary schools and many businesses & homes.

Our businesses will die because of congestion and back-ups. Already a problem with train tieups. The noise is a major, too.
