If this sale was to go through it would create a grid lock in this town. The rail line splits the town and everytime a train would pass the town will come to a stand still. The rail line splits the schools, hospital, fire and police. It is a safety hazard for the community. My husband's business would be affected by this. It will become difficult to reach the business and if the trains take 15-20 minutes to pass, people will find alternative places to conduct their business and this ~~business~~ will destroy the downtown area. Barrington is too much of an urban area to handle 15 to 20 trains per day.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.

YOUR INPUT IS IMPORTANT!

Comments provided by the public help determine the scope of the environmental review.
