Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

I am very concerned about our traffic issues. It will be impossible to get through Barrington with 20 additional trains daily. I am also terribly concerned about getting fire and other safety vehicles through town with longer trains. I am also so worried about train incidents such as spillage.

Please leave us alone and consider studying this to see how this will affect our beautiful community.

Thank you.
