I am completely against any increase in train traffic. I live ^{next to} ~~near~~ the Cuba Road train crossing.

The trains have stopped at times for 20 minutes blocking traffic and any emergency vehicles that might need to get through to save a life or stop a fire. Even when they don't stop it takes 10 minutes for them to pass.

There is no quiet zone at Cuba crossing so these trains are blowing their horns.

There were 3 trains when I moved to my home. Now there are 5 trains a day.

The trains shake my home at times. I'm concerned about the pollution & the environmental impact.

I'm concerned again about safety, environmental issues & what ^{can} ~~can~~ we do about the train horns, how many trains, & what ^{can} ~~can~~ we do about the vibrations to my home.
