Washington, D.C. 20423
Attention finance docket no. 34747

Dear Ms. Ball,

I strongly oppose the proposal of a trash transfer station at the Olin chemical site in Wilmington Ma. This site is highly contaminated and a trash transfer station at this site would be very harmful to residents in the area. This is a densely populated area the heavy trucks over these roadways would be a disaster.

Please help us resolve this highly crucial matter.

Regards

Rose M. Stygles
