Concerns include but are not limited to the following:

3 areas in our village trains intersect - all at grade. This leaves no accessible place for emergency vehicles to get to opposite part of village. A grade separation at Sterns Road would provide a reasonable alternative for emergency personnel. The cost of which should be borne by CN.

STAR line commuter rail is very important for our communities. The STAR line should be allowed to utilize the rail line not here to install new tracks.

Additional issues include impacts to environment such as noise.
