Counties, Mont.; Information Request #4**

Dear Ms. Rutson:

In reference to your March 13, 2014 letter forwarding a fourth information request in connection with the environmental review of the Tongue River Railroad project, and the responses to that request submitted on April 14, 2014, please find attached a document which provides updated responses based on further information. Another copy of the same document is attached which, in red font, shows the specific portions of the letter that have been revised. In addition, a revised exhibit 2 spreadsheet and associated KMZ file showing the location of various structures along each alternative is also attached.

Please let us know if you have any questions about the attached revisions.

Sincerely,

David H. Coburn
