The Honorable Daniel R. Elliot, III
Chairman
Surface Transportation Board
395 E Street, SW
Suite 1220
Washington, DC 20423-0001

Dear Chairman Elliot:

CAN DO, Inc. is a non-profit economic development organization that relies heavily on rail to support quality job growth for the Greater Hazleton Area of Northeast Pennsylvania. Therefore, on behalf of the CAN DO Board of Directors, I am writing to express CAN DO, Inc.'s support for a strong freight railroad network, not only in our region, but across the nation.

As America finally begins to pull itself out of the Great Recession, we certainly do not need to reverse progress by damaging the ability of the rail industry to reinvest and continue to provide strong and dependable service.

We at CAN DO, Inc. support a healthy freight rail network that encourages reinvestment by the rail industry, supports job growth and continued economic recovery.

We oppose any policy or regulatory changes that would hinder the freight railroads' ability to continue investing billions of dollars annually in private capital to grow and modernize the nation's rail infrastructure. We respectfully request that no regulatory or policy changes be pursued at this time by the STB. We need to maintain the strong and well-balanced regulatory regime we have in place today.

Thank you for our consideration of our position.

Sincerely,

W. Kevin O'Donnell
President
