*Re: Suggestion for candidate for membership on Railroad-Shipper Transportation
Advisory Council*

To Whom it May Concern,

This letter is to suggest Stephen Asbill, Vice President, Supply Chain of Olin Corporation ("Olin"), for membership on the Railroad-Shipper Transportation Advisory Council ("RSTAC") as a representative of a large shipper. Olin is a leading shipper of chlor-alkali products in North America. Mr. Asbill has over 25 years of experience in the chemicals industry, and has been employed by Olin for more than 15 years. In his present position as Vice President, Supply Chain, he oversees all of Olin's procurement and logistics. Mr. Asbill's experience at Olin has also included production management at site and regional levels and service as Olin's director of chlorine sales and marketing. Olin believes that Mr. Asbill's expertise and experience qualify him to serve on the RSTAC and to represent the interests of other large shippers. Mr. Asbill has confirmed his willingness to serve on the RSTAC for a three-year term. Olin appreciates the Board's consideration of its suggestion of Mr. Asbill for membership on the RSTAC.

Respectfully submitted on behalf of Olin Corporation by:

Frank W. Chirumbole, President
Chlor Alkali Products Division
490 Stuart Road, NE, Cleveland, TN 37312
