Dear Mr. Zimmerman,

1. I wish to nominate Mr. Michael Lutz, Commercial Specialist for Hess Corporation, as a candidate for the vacancy on the Surface Transportation Board's Rail Energy Transportation Advisory Committee (RETAC) designated for a petroleum producer or shipper, for the three year term ending September 30, 2015. As a senior leader within the Hess Corporation, Mike would bring to the Committee perspective from a leading US-based Exploration and Producing oil and gas company with significant Continental US operations and that is also committed to the highest standards of corporate citizenship. As the head of Hess' commercialization efforts, Mike is very familiar with rail transportation issues and has great appreciation for sensible and sustainable public policy in this and other related issues regarding the transportation of hydrocarbons.
2. Please do not hesitate to contact myself or the candidate for additional information.
3. The candidate is willing to serve as a member of the RETAC.
4. The candidate is not a federally registered lobbyist.

Sincerely,

//SIGNED//
