RE: Finance Docket No. 35523, CSX Transportation, Inc. – Joint Use – Louisville & Indiana Railroad Company, Inc.

On behalf of Dorel Juvenile Group, I am writing this letter in support of the Louisville and Indiana, CSX joint filing for infrastructure upgrades on the rail line between Indianapolis and Louisville.

Rail service is important to our business and we rely on competitive service.

For years, the condition of this rail line has limited the weight of rail shipments and has slowed transit times to the rail connections at interchange. I can think of one recent instance in particular where a car was delayed over a week because of the need to backtrack to Cincinnati and then to Louisville due to the weight limit between the Indianapolis and Louisville corridor.

We believe this project will improve the capacity and service parameters that can be offered to us, thereby allowing us to remain competitive in the markets that we serve.

Indiana is growing and we foresee the need to add transportation improvements to our region.

Sincerely,

A handwritten signature in cursive script that reads "Briana Rosenfeld".
