Subject: Chuck Littlefield's nomination to the RSTAC

To Whom It May Concern:

I offer this letter of support for Chuck Littlefield's inclusion in the RSTAC. Chuck and I have worked closely together in recent years addressing rail issues affecting the Central Valley of California rail shippers and receivers.

Chuck was instrumental in establishing the Central California Rail Shippers and Receivers Association and currently serves as its president. Furthermore, he has worked hand-in-hand with regional leaders addressing area rail issues while assisting in the drafting and passage of state rail legislation (SB325) for the purpose of short line rail preservation in the Central Valley.

Chuck's rail knowledge from having worked for both the Class I railroads and short lines has been invaluable to area rail users including his own company's rail operations which offloads some 4,000 railcars a year of agricultural commodities for the State's Dairy Industry.

For these reasons, I support and recommend Chuck's appointment to the small shipper vacancy on the Rail Shipper Transportation Advisory Council.

Respectfully yours,

Majid Mojibi
President
