Dear Chairman Miller and Vice-Chairman Begeman,

Growth Energy, an association of the nation's leading ethanol manufacturers and other companies who serve the nation's need for alternative fuels and distiller grains, is submitting this intent to participate in the hearing on issues related to the accessibility of rate complaint procedures for grain shippers. I plan to present oral remarks on behalf of Growth Energy and our member producers.

Please contact me if you have any questions.

Sincerely,

Chris Bliley  
Director, Regulatory Affairs
