DOCKET No. MCF 21059

ENTERED
Office of Proceedings
November 10, 2014
Part of
Public Record

ACADEMY EXPRESS, L.L.C.
ACQUISITION OF PROPERTIES OF
GO BUS L.L.C. AND ITS AFFILIATE, MCIZ CORP.

COMMENTS OF THE
INTERNATIONAL ASSOCIATION OF SHEET METAL, AIR,
RAIL AND TRANSPORTATION WORKERS, TRANSPORTATION DIVISION

The International Association of Sheet Metal, Air, Rail and Transportation Workers (“SMART”), Transportation Division (“TD”)¹ submits its comments pursuant to 49 U.S.C. § 14303(d), in opposition to the proposed application of Academy Express, L.L.C. (“Academy Express”) to acquire property of Go Bus, LLC (“Go Bus”) and its affiliate MCIZ Corporation (“MCIZ”). Specifically, SMART TD has serious concerns regarding this transaction because all three motor carriers involved have an extensive safety report record as documented by the Federal Motor Carrier Safety Administration (“FMCSA”).

BACKGROUND

Academy Express is a motor carrier of passengers, which operates charter and group tour buses from various operations centers in New York, New Jersey, Connecticut, Pennsylvania, Rhode Island, Massachusetts, Virginia and Washington, DC. STB Docket No. MCF 21059, *Academy Bus, L.L.C. – Acquisition of the Properties of Go Bus, LLC and Its Affiliate, MCIZ Corp.*, at 2, served September 24, 2014. It operates commuter bus service from New Jersey to

¹United Transportation Union and the Sheet Metal Workers’ International Association (“SMWIA”) have merged to become SMART. UTU is now referred to as the Transportation Division of SMART.

Manhattan, New York and from Virginia to Washington, DC, in addition to scheduled casino buses to Atlantic City, New Jersey and Connecticut. *Id.* Academy Express is an indirect subsidiary of the Tedesco Family ESB Trust which includes Academy Lines, L.L.C. and No. 22 Hillside, LLC, a motor carrier of passengers rendering a variety of services. STB Docket No. MC-F-20983, *Tedesco Family ESB Trust – Continuance in Control and Acquisition of Properties--Academy Bus, L.L.C, et al.*, served August 2, 2001.

Go Bus is a motor carrier of passengers providing regular route transportation between New York City, New York, and Newton and Cambridge, Massachusetts. STB Docket No. MCF 21059, *Academy Bus, L.L.C. – Acquisition of the Properties of Go Bus, LLC and Its Affiliate, MCIZ Corp.*, at 2, served September 24, 2014. It also provides express commuter service from Long Island, Glen Cove, to New York City and back. *Id.*

Go Bus' affiliate, MCIZ, is a motor carrier of passengers contracted by the New York City Board of Education to provide charter services to schools for round-trip transportation of students. *Id.* MCIZ also has a bus stop in New York City and maintains licenses for two park-and-ride facilities in Nassau and Suffolk Counties. *Id.*

The stated purpose of the transaction is to integrate the bus operations of Academy with those of Go Bus and MCIZ to provide enhanced service to patrons, such as more frequent service, less expensive service, and newer, more comfortable equipment. *Id.* at 3.

Should the Board approve the application, Go Bus and its affiliate MCIZ will cease operating as motor carriers and surrender their respective interstate operating authorities. Reply of Academy Express, LLC at ¶ 3, STB Docket No. MCF 21059, *Academy Bus, L.L.C. -- Acquisition of the Properties of Go Bus, LLC and Its Affiliate, MCIZ Corp.*, at 2, served September 24, 2014.

SMART TRANSPORTATION DIVISION'S POSITION

Under 49 U.S.C. § 14303(b), a transaction is approved and authorized if the Board finds it consistent with the public interest. STB Docket No. MC-F-20995, *Peter Pan Bus Lines Trust – Purchase and Acquisition of Control – Arrow Line Acquisition, et. al.*, at 3, served December 27, 2002. In doing so, the Board considers: (1) the effect of the transaction on the adequacy of transportation to the public; (2) the total fixed charges that result; and (3) the interest of affected carrier employees. *Id.* Based on the following and on the information contained in the FMCSA's Safety Measurement System, approving this transaction would not be in the public's best interest.

Due to the considerable violations contained in the FMCSA report, the Transportation Division is troubled by the potential safety ramifications of this transaction. While these three carriers received "satisfactory" ratings from the FMCSA, these safety violations warrant serious consideration by the STB prior to authorizing this acquisition. Academy Express has 286 violations and exceeded the FMCSA's intervention threshold relative to hours of service ("HOS") compliance (Exhibit A). These violations include, but are not limited to: driving after 15 hours on duty, failing to maintain logs, and false reporting of driver's record of duty (*Id.*). In addition to the hours of service violations, Academy Express also received numerous violations for vehicle maintenance, including, but not limited to: a cracked frame, inoperative/defective brakes, brake connections with leaks, belt material exposed on tires, damaged or discolored windshield, inoperative head lamps, inoperative turn signals, and improper exhaust (*Id.*). Go Bus received 31 violations and exceeded the FMCSA's intervention threshold relative to unsafe driving (Exhibit B), while MCIZ received 198 violations and exceeded the FMCSA's intervention threshold relative to driver fitness (Exhibit C). Whereas, Adirondack Transit Lines,

Inc. d/b/a/ Adirondack Trailways, a corporation who would be a competitor and to which the TD represents its employees, has only nine violations over the same period (Exhibit D).

The HOS regulations were developed to keep fatigued drivers off the public roadways. According to the National Highway Transportation Administration, drowsy driving causes more than 100,000 crashes a year, resulting in 40,000 injuries and 1,550 deaths. *Drowsy Driving and Automobile Crashes*, NATIONAL HIGHWAY TRANSPORTATION ADMINISTRATION, *available at* http://www.nhtsa.gov/people/injury/drowsy_driving1/drowsy.html (last visited Nov. 10, 2014). “Lack of sufficient sleep results in greater risk of involvement in a fatigue-related crash, and is associated with health-related complications. To ensure that drivers are afforded the opportunity to obtain 7 to 8 hours of sleep, the rule must afford a period of time greater than the minimum required for sleep.” 70 FR 50016 (Aug. 25, 2005). Subject to certain enumerated exceptions set forth in 49 C.F.R. § 395.1, motor carriers are barred from allowing drivers to drive a passenger-carrying commercial motor vehicle more than ten hours following eight consecutive hours off duty or for any period after having been on duty fifteen hours following eight consecutive hours off duty, and barred from allowing operators who have been on duty 60 hours in any seven consecutive days if the employing motor carrier does not operate commercial motor vehicles every day of the week; or operators who have been on duty 70 hours in any period of eight consecutive days if the employing motor carrier operates commercial motor vehicles every day of the week. 49 C.F.R. § 395.5.

Academy Express’ acquisition of these two entities might compound the safety issues it has experienced. Accordingly, approving this transaction could raise serious questions as to the adequacy of the transportation to the public and could have a negative impact on public safety, including the safety of the passengers on these carriers.

Respectfully submitted,

/s/ Erika A. Diehl-Gibbons

DOCKET No. MCF 21059

**ACADEMY EXPRESS, L.L.C.
ACQUISITION OF PROPERTIES OF
GO BUS L.L.C. AND ITS AFFILIATE, MCIZ CORP.**

VERIFICATION OF JOHN J. RISCH, III

I, John J. Risch, III, National Legislative Director of the Transportation Division of the International Association of Sheet Metal, Air, Rail and Transportation Workers, verify under penalty of perjury, under the laws of the United States of America, that I have read the foregoing Comments, and I certify that its assertions are true and correct to the best of my knowledge, information and belief. I further declare that I am qualified and authorized to submit this verification on behalf of SMART Transportation Division. I know that willful misstatements or omissions of material facts constitute Federal criminal violations punishable under 18 U.S.C. § 1001 by imprisonment up to five years and fines up to \$10,000 for each offense. Additionally, these misstatements are punishable as perjury under 18 U.S.C. § 1621, which provides for fines up to \$2,000 or imprisonment up to five years for each offense.

Dated November 10, 2014

John J. Risch, III

CERTIFICATE OF SERVICE

I hereby certify that I have served a true and correct copy of the foregoing by first-class mail, this 10th day of November 2014, on the following:

USE OF SMS DATA/INFORMATION

The data in the Safety Measurement System (SMS) is performance data used by the Agency and Enforcement Community.

A  symbol, based on that data, indicates that FMCSA may prioritize a motor carrier for further monitoring.

The  symbol is not intended to imply any federal safety rating of the carrier pursuant to 49 USC 31144. Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier in the SMS has received an UNSATISFACTORY safety rating pursuant to 49 CFR Part 385, or has otherwise been ordered to discontinue operations by the FMCSA, it is authorized to operate on the nation's roadways.

Motor carrier safety ratings are available at <http://safer.fmcsa.dot.gov> and motor carrier licensing and insurance status are available at <http://li-public.fmcsa.dot.gov/>.

USE OF SMS DATA/INFORMATION

The data in the Safety Measurement System (SMS) is performance data used by the Agency and Enforcement Community.

A  symbol, based on that data, indicates that FMCSA may prioritize a motor carrier for further monitoring.

The  symbol is not intended to imply any federal safety rating of the carrier pursuant to 49 USC 31144. Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier in the SMS has received an UNSATISFACTORY safety rating pursuant to 49 CFR Part 385, or has otherwise been ordered to discontinue operations by the FMCSA, it is authorized to operate on the nation's roadways.

Motor carrier safety ratings are available at <http://safer.fmcsa.dot.gov> and motor carrier licensing and insurance status are available at <http://li-public.fmcsa.dot.gov/>.

INVESTIGATION RESULTS

Serious Violations: 0

This carrier has no serious violations to display.

Summary of Activities

The summary includes information on the 5 most recent investigations and 24 months of inspections and crash history.

Most Recent Investigation:
11/2/2011 (Compliance Review)

Total Inspections: 206

Total Inspections
without Violations used
in SMS: 198

Total Inspections with
Violations used in SMS:
8

Total Crashes* : 4

*Crashes listed represent a motor carrier's involvement in reportable crashes, without any determination as to responsibility. Continue for details.

Subject to Passenger
Threshold

Penalties History

(Six years as of 11/09/2014
updated daily from FMCSA)

No penalties found

USE OF SMS DATA/INFORMATION

The data in the Safety Measurement System (SMS) is performance data used by the Agency and Enforcement Community.

A  symbol, based on that data, indicates that FMCSA may prioritize a motor carrier for further monitoring.

The  symbol is not intended to imply any federal safety rating of the carrier pursuant to 49 USC 31144. Readers should not draw conclusions about a carrier's overall safety condition simply based on the data displayed in this system. Unless a motor carrier in the SMS has received an UNSATISFACTORY safety rating pursuant to 49 CFR Part 385, or has otherwise been ordered to discontinue operations by the FMCSA, it is authorized to operate on the nation's roadways.

Motor carrier safety ratings are available at <http://safer.fmcsa.dot.gov> and motor carrier licensing and insurance status are available at <http://li-public.fmcsa.dot.gov/>.
