VERIFIED STATEMENT

of

Hon. Joseph A. Griffo

New York State Senate

ENTERED

Office of Proceedings

July 26, 2012

Part of

Public Record

My name is Joseph A. Griffo. I represent New York's 47th Senate District, which encompasses parts of the counties of Lewis, Oneida, and St. Lawrence. I have served in the state legislature since 2006.

Genesee & Wyoming Inc. recently announced the proposed acquisition of RailAmerica, another short line rail company. Genesee & Wyoming owns and operates several short line and regional railroads in Western New York, and it has a strong reputation as a good corporate citizen in our state. Moreover, one of the rail lines involved in this transaction, the Massena Terminal Railroad Company, is located in my Senate district. I write in support of this transaction.

Genesee & Wyoming is a great partner in our state freight transportation network. The company has been active in the freight rail industry since it started here in New York in 1899. It has a strong record of buying other short line railroads, investing in them, and developing long term growth opportunities. This in turn helps maintain and grow industrial sector jobs in our communities.

In addition, I have been very impressed with Genesee & Wyoming's focus on safety. It is an industry leader in this area, and this is a direct reflection of its commitment to provide superior service to the communities along its lines. In fact, in 2011, two of its railroads won the Harriman rail safety award.

For these reasons, I strongly support this proposal, and ask for expedited review and approval of it by the Surface Transportation Board.

I, Joseph A. Griffo declare under penalty of perjury, under the laws of the United States, that the foregoing is true and correct. Further, I certify that I am qualified and authorized to file this verified statement.

A handwritten signature in cursive script that reads "Joseph A. Griffo". The signature is written in black ink and is positioned above a horizontal line.

Hon. Joseph A. Griffo, 47th SD
