Re: Docket No. EP 526 (Sub-No. 3)  
Rail Shipper Transportation Advisory Council (RSTAC)

Dear Chairman Elliott, Vice Chairman Begeman and Commissioner Mulvey:

The Board issued notice in its decision in Docket No. EP 526 (Sub-No. 3), dated October 18, 2011 that the Board was seeking nominations for candidates for membership on the Rail Transportation Advisory Council (RSTAC) to fill several vacancies.

I would like to submit my name as a candidate for membership on RSTAC as a large shipper representing Bunge North America, Inc. Below is an outline of some information about Bunge as well as some of my credentials for serving on RSTAC.

Bunge is a large agricultural company involved in dry corn milling, rice milling, soybean crushing and refining, canola crushing and refining, bulk grain handling, fertilizer distribution and bio fuels production. We operate over 125 facilities in the United States, Canada and Mexico. Bunge also operates an additional 325 facilities located in 32 Countries around the world. Bunge facilities in North America are located on and served by all of the Class I railroads as well as several regional carriers.

[www.bungenorthamerica.com](http://www.bungenorthamerica.com)

I have been involved in transportation and transportation issues for approximately 41 years and am currently Vice President Transportation for Bunge North America, Inc. where I am responsible for all rail and truck transportation issues in the U.S., Canada and Mexico. I am currently serving as President of North America Freight Car Association and President of National Freight Transportation Association. I am a member of STB's National Grain Car Council having recently served as Chairman. I am also a member of the STB's Rail Energy Transportation Advisory Council, a member of the National Grain and Feed Association's Rail Shipper/Rail Receiver Committee and serve on the transportation committees for the National Oilseed Producers Association (NOPA) and the Canadian Oilseed Producers Association (COPA).

I believe that my experience in rail transportation and logistics will be of value to the STB as it seeks input regarding rail transportation policy issues. If appointed to RSTAC I am committed to serving and providing guidance and advice to the members of the STB.

Thank you for your consideration of this nomination.

Yours truly,
