RE: Support of the City of Marquette, Kansas' request for "Review of Decision"

Dear Secretary Williams:

I am writing you this letter in strong support of the City of Marquette's request to have the 2.1 miles of rail on the north side of the community railbanked. The proposed usage of this area will be of major benefit to the growth and future of the community.

It is my hope that you will reconsider the denial of their earlier request and support the request.

Thank you for your time and consideration.
