MOTION FOR PROTECTIVE ORDER
OF
BIO-ENERGY WELLNESS CENTER and
NORTH AMERICAN TRANSPORTATION INSTITUTE

Bio-Energy Wellness Center and North American Transportation Institute, pursuant to 1104.14(b), respectfully request the entry of a protective order as attached hereto. By their pleading, filed November 9, 2005, Bio-Energy Wellness Center and North American Transportation Institute asserted that the Notice of Exemption, filed September 23, 2005, by BNSF Railway Company and Stillwater Central Railroad seeking to abandon and discontinue rendering service on the 2.95-mile railroad line between Milepost 539.96 and Milepost 542.91 in Oklahoma City pursuant to the out-of-service exemption of 49 C.F.R. 1152.50, should be declared null and void *ab initio*, because it contains false and misleading information. The

railroad line in question is an active line of railroad, operated by Stillwater Central Railroad, and the line has been used to handle local traffic within the past two years.

By its Decision, served November 10, 2005, the Board, among other things, declared that “[i]t is anticipated that the Board will address the protests before the abandonment is consummated.”

Bio-Energy Wellness Center and North American Transportation Institute in the meantime will want to pursue discovery, pursuant to 49 C.F.R. 114.21, et seq.. The Board has two affiants who say that the line has not been used to carry local traffic in the two years preceding the filing of the Notice of Exemption and two affiants who say that it has. In the view of Bio-Energy Wellness Center and North American Transportation Institute, the disagreement best can be resolved if the Board were to authorize limited discover, subject to the entry of a protective order necessary to protect the confidentiality of the shippers on the line which have been served by BNSF Railway Company or Stillwater Central Railroad within the two-year period but which are sufficiently concerned about retribution not to make their identities made public. The motion conforms to the Board’s rules governing requests for protective order, 49 U.S.C. 1104.14(b).

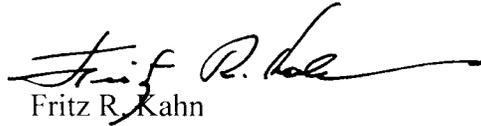

The proposed protective order and undertakings attached hereto are similar to those in other recent proceedings and reflect the adjustments accommodating the Board’s Decision in Ex Parte No. 638, Procedure to Expedite Resolution of Rail Rate Challenges to be Considered Under the Stand Alone Cost Methodology, served April 3, 2003.

WHEREFORE, Bio-energy Wellness Center and North American Transportation Institute ask that the attached protective order be entered.

Respectfully submitted.

BIO ENERGY WELLNESS CENTER and
NORTH AMERICAN TRANSPORTATION INSTITUTE

By their attorney.

PROTECTIVE ORDER

1. For purposes of this Protective Order:

(a) "Confidential Documents" means documents and other tangible materials containing or reflecting Confidential Information.

(b) "Confidential Information" means traffic data (including but not limited to waybills, abstracts, study movement sheets, and any documents or computer tapes containing data derived from waybills, abstracts, study movement sheets, or other data bases, and cost work papers), the identification of shippers and receivers in conjunction with shipper-specific or other traffic data, the confidential terms of contracts with shippers, or carriers, confidential financial and cost data, and other confidential or proprietary business or personal information.

(c) "Designated Material" means any documents designated or stamped as "CONFIDENTIAL" or "HIGHLY CONFIDENTIAL" in accordance with paragraph 2 or 3 of this Protective Order, and any Confidential Information contained in such materials.

(d) "Proceedings" means those before the Surface Transportation Board ("STB" or "Board") concerning STB Dockets Nos. AB-6 (Sub-No. 430X) and AB-1040X and any related proceedings before the Board, and any judicial review proceedings arising from STB Dockets Nos. AB-6 (Sub-No. 430X) and AB-1040X or from any related proceedings before the Board.

2. If any party to these Proceedings determines that any part of a document it submits, discovery request it propounds, or a discovery response it produces, or a transcript of a deposition or hearing in which it participates, or of a pleading or other paper to be submitted, filed or served in these Proceedings contains Confidential Information or consists of Confidential Documents, then that party may designate and stamp such Confidential Information and Confidential Documents as "CONFIDENTIAL." Any information or documents designated or stamped as "CONFIDENTIAL" shall be handled as provided hereinafter.

3. If any party to these Proceedings determines that any part of a document it submits, discovery request it propounds, or a discovery response it produces, or a transcript of a deposition or hearing in which it participates, or of a pleading or other paper to be submitted, filed or served in these Proceedings contains shipper-specific rate or cost data, trackage rights compensation levels or other competitively sensitive or proprietary information, then that party may designate and stamp such Confidential Information as "HIGHLY CONFIDENTIAL." Any information or documents so designated or stamped shall be handled as provided hereinafter.

4. Information and documents designated or stamped as "CONFIDENTIAL" may not be disclosed in any way, directly or indirectly, or to any person or entity except to an employee, counsel, consultant, or agent of a party to these Proceedings, or an employee of such counsel, consultant, or agent, who, before receiving access to such information or documents, has been

given and has read a copy of this Protective Order and has agreed to be bound by its terms by signing a confidentiality undertaking substantially in the form of the Undertaking attached to this Protective Order.

5. Information and documents designated or stamped as "HIGHLY CONFIDENTIAL" may not be disclosed in any way, directly or indirectly, to any employee of a party to these Proceedings, or to any other person or entity except to an outside counsel or outside consultant to a party to these Proceedings, or to an employee of such outside counsel or outside consultant, who, before receiving access to such information or documents, has been given and has read a copy of this Protective Order and has agreed to be bound by its terms by signing a confidentiality undertaking substantially in the form of the Undertaking attached to this Protective Order.

6. Any party to these Proceedings may challenge the designation by any other party of information or documents as "CONFIDENTIAL" or as "HIGHLY CONFIDENTIAL" by filing a motion with the Board or with an administrative law judge or other officer to whom authority has been lawfully delegated by the Board to adjudicate such challenges.

7. Information that is publicly available or obtained outside of this proceeding from a person with a right to disclose it shall not be subject to this Protective Order even if the same information is produced and designated as "CONFIDENTIAL" or "HIGHLY CONFIDENTIAL" in this proceeding.

8. Designated material may not be used for any purposes, including without limitation any business, commercial or competitive purposes, other than the preparation and presentation of evidence and argument in STB Dockets Nos. AB-6 (Sub-No. 430X) and AB-1040x and any related proceedings before the Board, or any judicial review proceedings in connection with STB Dockets Nos AB-6 (Sub-No. 430X) and AB-1040X or with any related proceedings.

9. Any party who receives Designated Material in discovery shall destroy such materials and any notes or documents reflecting such materials (other than file copies of pleadings or other documents filed with the Board and retained by outside counsel for a party to these Proceedings, and file copies of pleadings or other documents filed with the Board and received during the course of these Proceeding by in-house counsel, which excludes information or documents designated as "Highly Confidential," and retained by inside counsel for a party to these Proceedings) at the earlier of: (1) such time as the party receiving the materials withdraws from these Proceedings; or (2) the completion of these Proceedings, including any petitions for reconsideration, appeals, or remands.

10. No party may include Designated Material in any pleading, brief, discovery request or response, or other document submitted to the Board, unless the pleading or other document is submitted under seal, in a package clearly marked on the outside as "Confidential Materials Subject to Protective Order." See 49 CFR 1104.14. All pleadings and other documents so submitted shall be kept confidential by the Board and shall not be placed in the public docket in

these Proceedings except by order of the Board or of an administrative law judge or other officer in the exercise of authority lawfully delegated by the Board.

11. No party may include Designated Material in any pleading, brief, discovery request or response, or other document submitted to any forum other than this Board in these Proceedings unless: (1) the pleading or other document is submitted under seal in accordance with a protective order that requires the pleading or other document to be kept confidential by that tribunal and not be placed in the public docket in the proceeding; or (2) the pleading or other document is submitted in a sealed package clearly marked, "Confidential Materials Subject to Request for Protective Order," and is accompanied by a motion to that tribunal requesting issuance of a protective order that would require the pleading or other document be kept confidential and not be placed in the public docket in the proceeding, and requesting that, if the motion for protective order is not issued by that tribunal, the pleading or other document be returned to the filing party.

12. No party may present or otherwise use any Designated Material at a Board hearing in these Proceedings, unless that party has previously submitted, under seal, all proposed exhibits and other documents containing or reflecting such Designated Material to the Board, to an administrative law judge or to another officer to whom relevant authority has been lawfully delegated by the Board, and has accompanied such submission with a written request that the Board, administrative law judge or other officer (a) restrict attendance at the hearing during any discussion of such Designated Material, and (b) restrict access to any portion of the record or briefs reflecting discussion of such Designated Material in accordance with this Protective Order.

13. If any party intends to use any Designated Material in the course of any deposition in these Proceedings, that party shall so advise counsel for the party producing the Designated Material, counsel for the deponent, and all other counsel attending the deposition. Attendance at any portion of the deposition at which any Designated Material is used or discussed shall be restricted to persons who may review that material under the terms of this Protective Order. All portions of deposition transcripts or exhibits that consist of, refer to, or otherwise disclose Designated Material shall be filed under seal and be otherwise handled as provided in paragraph 9 of this Protective Order.

14. To the extent that materials reflecting Confidential Information are produced by a party in these Proceedings, and are held or used by the receiving person in compliance with paragraphs 1, 2, or 3 above, such production, disclosure, holding, and use of the materials and of the data that the materials contain are deemed essential for the disposition of this and any related proceedings and will not be deemed a violation of 49 U.S.C. 11904 or of any other relevant provision of the ICC Termination Act of 1995.

15. In the event that a party inadvertently produces material that is protected by the attorney-client privilege, work product doctrine, or any other privilege, the producing party may make a written request within a reasonable time after the producing party discovers the

inadvertent disclosure that the other parties return the inadvertently produced privileged document. The parties who received the inadvertently produced document will either return the document to the producing party or destroy the document immediately upon receipt of the written request, as directed by the producing party. By returning or destroying the document, the receiving party is not conceding that the document is privileged and is not waiving its right to later challenge the substantive privilege claim, provided that it may not challenge the privilege claim by arguing that the inadvertent production waived the privilege.

16. All parties must comply with all of the provisions of this Protective Order unless the Board or an administrative law judge or other officer exercising authority lawfully delegated by the Board determines that good cause has been shown warranting suspension of any of the provisions herein.

17. Any party must file simultaneously a public version of any Highly Confidential or Confidential submission filed with the Board. Any party who designates information or documents as "Highly Confidential" also must make available (simultaneously with the party's submission to the Board of its Highly Confidential version) a Confidential version reviewable by any other party's in-house counsel. The Confidential version may be served on other parties in electronic format only. In lieu of preparing a Confidential version, the filing party may (simultaneously with the party's submission to the Board of its Highly Confidential version) make available to outside counsel for any other party a list of all Highly Confidential information that must be redacted from its Highly Confidential version prior to review by in-house personnel, and outside counsel for any other party must then redact that material from the Highly Confidential version before permitting any clients to review the submission.

18. Nothing in this Protective Order restricts the right of any party to disclose voluntarily any Confidential Information originated by that party, or to disclose voluntarily any Confidential Documents originated by that party, if such Confidential Information or Confidential Documents do not contain or reflect any Confidential Information originated by any other party.
